SPECIAL REGULATIONS

1. Refer General Conditions of Entry & Competition in front of schedule.
2. **All livestock must remain on the Cairns Showgrounds for the three days and nights of the Annual Cairns Show.** Please consider the above before lodging your entry. Cairns Show is Queensland's biggest non Metropolitan show for the benefit of a mainly urban clientele. Please do not regard it as a ribbons and trophy - winning exercise only.
3. All animals are to be correctly tattooed. Photographic identification will be accepted in lieu of tattoo. Random tattoo checks will be conducted.
4. Age to be actual age at date of Show.
5. All fullblood and purebred animals (including Kalahari Reds and Red Boers) must be registered with the Boer Goat Breeders Association of Australia.
6. Johne's Disease goats must not be introduced unless the following are met:
 - a. They are from a non-restricted herd or from a Johne's free zone. Queensland is a protected zone.
 - b. They are from a monitored negative (MN) or tested (TN) status herd established under an officially recognised market assurance program (MAP)
 - c. They are introduced from a non-assessed herd (NA) and the goats have been subjected to an AGID test, resulting in a clean test within 30 days prior to introduction (for kids less than 12 months), a test on the dam is suffice.
7. This section is open to untested animals as well as CAE/CRV tested negative individual animals and from animals from tested-free herds. All due care will be taken to provide segregation of untested animals in pens and during judging.
8. Red boers will be shown with standard boers.
9. Kalahari Red Goats are not to be shown with Red Boers. They must be shown as a separate breed.
10. All animals must be the bona fide property of the exhibitor for the 3 months prior to showing.
11. All animals entered in-group classes must be entered in individual classes.
12. Animals may be checked for registration on arrival at the Show.
13. Substitute animals may be entered but only one per class and these animals **MUST** be shown on the entry form.
14. The use of hormones and/or tranquilisers and/or any other stimulants is strictly prohibited. Random testing of animals can occur at any show and if an exhibitor is found to be in breach of the condition of entry they will be reported to the Federal body of BGBAA.
15. An animal entered for exhibition shall be presented in the judging ring in its natural conformation and with normal show preparation. Any animal found to have undergone any operation or procedure materially change by exaggeration or minimization of any body part will be disallowed from showing that animal. The exhibitor shall be reported to the Federal board for any further action.
16. A completed entry form together with entry fee must be forwarded to the Cairns Show Association before the closing date. No late entries will be accepted.
17. A fully completed Waybill as prescribed under the Stock Act must accompany all goats.

Angora

Coloured or white Angoras may be entered. All Angoras must have been shorn on or before 1 January 2008. Wethers may be shown in Doe classes.
